THANKS FOR GIVING
Thursday, November 17th

Peace Neighborhood Center
We're excited to gather our Peace Neighborhood Family together again in person at a fun new community space. The creative venue, great food, good friends, and the chance to connect with one another in person again all promise to be spectacular!

I say this every year, but it still holds true. We have a lot to be thankful for! Peace’s After-School Programs are back in full swing, and kids are excited to be here. Their smiles and enthusiastic greetings are contagious, and our staff are happy to welcome them everyday. Early on we set the expectation that our youth will work hard, be an active participant, and continue to learn and grow. 100% of our high school students graduate—and go on to college or a skilled trade program. Many are the first in their family to attend college.

Everything we do here at Peace comes from a genuine place of love and caring. We continue to seek the greatness in everybody, no matter who they are or where they’re from. We know that without practicing mutual respect and understanding, it’s hard to accomplish anything.

We’re grateful for the continuing investment our community makes in Peace Neighborhood Center as we work together to help change the trajectory of people’s lives. We can’t do it without you. Your generosity ensures our kids and families have the support they need to build bright futures for themselves.

We have a lot to be thankful for and a lot to celebrate. We hope you will join us in sponsoring this special event November 17th!

- Bonnie Billups, Jr., Executive Director

For more information, please contact Kevin Lill at (734) 662-3564 or klill@peaceneighborhoodcenter.org.
